GENERAL ADVISORY BOARD

The Editors of the *British Journal of Social Medicine* are anxious to keep in close touch with centres of social medicine in other parts of the world. To this end they are forming a General Advisory Board. Up to the time of going to press for the first issue, not all those so far invited to serve on the Board have replied. It is hoped to print a full list in the second issue. Meantime the Editors note with pleasure that the following have expressed their willingness to serve:

- Prof. Gunnar Dahlberg (Swedish State Institute for Human Genetics and Race Biology).
- Prof. Elena Fambri (Institute of Social Medicine, Rome).
- Prof. M. Kacprzak (Government School of Hygiene, Warsaw).
