

### CORRECTION

The reference in the top left-hand corner of the article by Barnet Woolf in the April issue of this journal was erroneously printed *Brit. J. soc. Med.* (1947), 2, 73-125. This should, of course, have been: *Brit. J. soc. Med.* (1947), 1, 73-125. The references on pages 126 and 135 were similarly misprinted.
