

# The August (1972) Issue

<i>No. 3, AUGUST 1972</i>		PAGE
<b>Present State of Statistics from Hospital In-patient Data and their Uses</b> .. ..		135
J. S. A. ASHLEY		
<b>An Automated Records System for General Practice</b> .. ..		148
R. D. T. FARMER and K. W. CROSS		
<b>Computer Compatible Registers for General Practice and Research</b> .. ..		153
M. BERKELEY, N. C. H. STOTT, R. C. MACNAIR, and W. H. PRICE		
<b>Cornell Medical Index Response as a Predictor of Mortality</b> .. ..		159
MARY BERYL DALY and H. A. TYROLER		
<b>Commuter Travel and Sickness Absence of London Office Workers</b> .. ..		165
P. J. TAYLOR and S. J. POCOCK		
<b>Deaths from Domestic Falls and Fractures</b> .. ..		173
T. P. EDDY		
<b>Heights and Weights of Men visiting a Public Health Exhibition</b> .. ..		180
R. E. WALLER and A. G. F. BROOKS		
<b>An Investigation of the High Twinning Rate in the Republic of Ireland</b> .. ..		186
GEOFFREY DEAN and THOMAS KEANE		
<b>Geographical Distribution of Fronto-ethmoidal Encephalomeningocele</b> .. ..		193
CHARAS SUWANWELA		

A number of copies are still available and may be obtained from the Publishing Manager, British Medical Association, Tavistock Square, London WC1H 9JR, price £1.25 (£1.50 in countries overseas; U.S.A. \$3.60).

## INDEX TO VOLUME 26, 1972

Page numbers followed by *P* refer to summaries of papers read at the Annual Meeting of the Society for Social Medicine

- Absence, sickness, *see* Sickness absence  
Administrators, medical, working party, Society for Social Medicine, 62  
Age differences in androgyny score, 231  
Air temperature, relationship to outbreaks of influenza, 28  
Alcoholism, chronic, social therapy, evaluation, 57, *P*  
—, treatment, prediction of outcome in, Belfast, 57, *P*  
ALTMAN, D. G.: The nutrient intake of Kent schoolchildren, 57, *P*  
Amphetamines, prescribing, considering adverse reactions, 205  
Androgyny score, age differences, 231  
Anencephaly, and dietary intakes, 219  
— in Quebec, evidence of clustering, 10  
— and spina bifida, preventable by avoidance of unidentified substance in potato tubers: hypothesis, 67  
— and spina bifida, in South Wales, area differences, 89  
Antigen, bacterial, oral, against common colds, study of 112 subjects, 129  
ASHFORD, J. R.; *see* FRYER, J. G., and ASHFORD, J. R.  
ASHLEY, J. S. A.: Present state of statistics from hospital in-patient data and their uses, 135  
— *see also* PASKER, P. *et al.*  
Auditory, visual, and neurological handicaps in infancy, evaluation of developmental screening tests, 94  
  
BARKER, D. J. P.; *see* REVILL, W. D. L., and BARKER, D. J. P.  
BECKETT, P. G. S.: Objectives in the clinical section of the curriculum, 53, *P*  
Behavioural changes in coronary patients, 58, *P*  
BENJAMIN, V.; *see* RAO, P. S. S. *et al.*  
BENN, R. T., and WOOD, P. H. N.: Mortality in rheumatoid arthritis, 60, *P*  
BERKELEY, M., STOTT, N. C. H., MACNAIR, R. C., and PRICE, W. H.: Computer compatible registers for general practice and research, 153  
BEVAN, J. M.; *see* BUTLER, J. R. *et al.*  
CUNNINGHAM, D. T. *et al.*  
BEWLEY, B.: Children's smoking, 58, *P*  
BILLEWICZ, W. Z.; *see* MILLER, F. J. W. *et al.*  
Birmingham, psychiatric day-care, 112  
Birth control advice, by general practitioners in 1970-71, 56, *P*  
BLANEY, R., and RADFORD, I.: Prediction of outcome in the treatment of alcoholism—a Belfast study, 57, *P*  
Blood clotting and fibrinolysis in areas with different water supplies, 246  
BOON, A. R.: Tetralogy of Fallot—effect on the family, 263  
Bronchodilator aerosols, prescribing, considering adverse reactions, 205  
BROOKS, A. G. F.; *see* WALLER, R. E., and BROOKS, A. G. F.  
BURR, M.; *see* ELWOOD, P. C. *et al.*  
Burril ulcer, *see* Ulcers, skin, mycobacterial  
BUTLER, J. R., BEVAN, J. M., and TAYLOR, R. C.: The distribution of general practitioners in England, 55, *P*  
BUTLER, N. R.; *see* FEDRICK, J., and BUTLER, N. R.  
  
Cadmium, mortality among workers at two copper works, 59, *P*  
Cancer, cervical, tests, social attitudes and utilization, 54, *P*  
Cardiovascular survey in six hard and six soft water towns, 60, *P*  
CARTWRIGHT, A.; *see* WAITE, M., and CARTWRIGHT, A.  
Central nervous system malformations, prevalence in South Wales, 54, *P*  
Cervical cancer tests, social attitudes and utilization, 54, *P*  
CHADD, M. A.; *see* ELWOOD, P. C. *et al.*  
CHAMBERLAIN, J.: Evaluation of screening tests for unreported disability in the elderly, 55, *P*  
Chloramphenicol, prescribing, considering adverse reactions, 205  
Clinical section of the curriculum, objectives, 53, *P*  
COCHRANE, A. L.; *see* WATERS, W. E. *et al.*  
Colds, common, trial of oral bacterial antigen against, 129  
COLLINS, J.; *see* WATERS, W. E. *et al.*  
Commuter travel and sickness absence of London office workers, 165  
Computer compatible registers for general practice and research, 153  
Congenital dislocation of the hip in Budapest, 15  
COOK, J.; *see* TOPP, S. G. *et al.*  
Copper workers, mortality at works using cadmium, 59, *P*  
CORKHILL, R. T., HOLLAND, W. W., FOX, R. H., and MEE, M. S. R.: A study of exposure to environmental temperatures in a population sample using the temperature SAMI, 40  
Cornell medical index response as a predictor of mortality, 159  
Coronary heart disease, behavioural changes in patients, 58, *P*  
—, risk factors, screening, 54, *P*  
—, Tower Hamlets coronary project, 61, *P*
