

EPIDEMIOLOGY FOR THE UNINITIATED

Do you know the difference between the incidence of a disease and its prevalence? How to set up a valid controlled trial? How to plan and conduct a survey? Many doctors would like to carry out some simple clinical research but find they lack basic information of this kind. The answers were published in 1978-79 in a series of BMJ articles, now collected together in book form—essential reading for anyone contemplating starting a research study.
