Published in association with the Royal Society for Mentally Handicapped Children and Adults, the *Journal of Mental Deficiency Research* is devoted exclusively to the scientific study of mental deficiency and publishes papers reporting original observations in this field. The subject matter includes clinical case reports, pathological reports, biochemical investigations, genetics and cytogenetics, psychological, educational and sociological studies, the results of animal experiments or studies in any discipline that may increase knowledge of the causes, prevention or treatment of mental handicap. Reviews are submitted from experts from time to time on themes in which recent research has produced notable advances. All papers are assessed by expert Readers.

Subscription Information

The *Journal of Mental Deficiency Research* is published quarterly. Subscription rates for 1982 are: £22.50 (U.K.), £27.00 (overseas), \$62.50 (U.S.A. and Canada) post free, including delivery by air freight to subscribers in the U.S.A. and Canada.
