In this issue

757 Power, pestulance, weather, and war C Alvarez-Dardet, J R Ashton
The JECH gallery
791 Alice Hamilton, MD: gaining visibility for industrial medicine D F Salerno, I L Feitshans
Speaker’s corner
793 Understanding the functional components of public health surveillance B C K Choi, M Ackland
Aphorism of the month
808 The need for strategic undervalues J R Ashton
Editorials
759 Weather, climate, and public health F Ballester, P Michelozzi, C Iñiguez
760 Iraqi reconstruction: for an empowerment process V Ridde
762 Whose health is it anyway?: enabling participation E Russell, C Smith
763 Shoes and lower limb osteoarthritis J Pascual
Evidence based public health policy and practice
770 Monitoring the severe acute respiratory syndrome epidemic and assessing effectiveness of interventions in Hong Kong Special Administrative Region P H Chau, P S F Yip
771 Host and environment are key factors A Lee
772 Virus pathogens suggest an autumn return A S M Abdullah
773 Identification and control are the priority G Rezza
777 Sporadic contact with unfamiliar source makes epidemic unlikely T W Wong
Future outbreaks will be less dramatic L T Hui, N J Patel
778 Vigorous controls minimise risk S H Lee
779 Avoid complacency — prepare for the worst J J Y Sung
780 Out of the woods or in the eye of the storm? R A Chotani
781 Learn from influenza epidemiology M Regan
Continuing professional education
782 Life course epidemiology D Kuh, Y Ben-Shlomo, J Lynch, J Hallqvist, C Power
Research reports
784 Excess winter mortality in Europe: a cross country analysis identifying key risk factors J J Healy
790 Cold related mortality in England and Wales: influence of social class in working and retired age groups G D Donaldson, T K Keatinge
791 Labour market income inequality and mortality in North American metropolitan areas C Sammarco, N A Ross, S Tremblay, M Wolfson, J R Dums, J Lynch
794 Socioeconomic status and tobacco expenditure among Australian households: results from the 1998–99 Household Expenditure Survey M Salapath
802 Socioeconomic status over the life course and stages of cigarette use: initiation, regular use, and cessation S E Gilman, D B Abrams, S L Buka
803 Women brothel workers and occupational health risks J Cwikel, K Ilan, B Chudakov
810 Central and total obesity in middle aged men and women in relation to lifetime socioeconomic status: evidence from a national birth cohort C Langenberg, A Hardy, D Kuh, E Brunner
823 An investigation of risk factors for symptomatic osteoarthritis of the knee in women using a life course approach U Djarv, E Jaakola, M Thorsgård, A Maks, C Dostø, R Flyvbjerg
Theory and methods
831 A simple approximate mathematical model to predict the number of severe acute respiratory syndrome cases and deaths B C K Choi, A W P Pak
833 Hygiene M Muir
