SCHOLARSHIPS IN AID OF SCIENTIFIC RESEARCH

The Council of the British Medical Association is prepared to receive applications for Research Scholarships, as follows:

AN ERNEST HART MEMORIAL SCHOLARSHIP, of the value of £250

A WALTER DIXON SCHOLARSHIP, of the value of £250.

FOUR RESEARCH SCHOLARSHIPS, each of the value of £200.

These Scholarships are given to candidates whom the Science Committee of the Association recommends as qualified to undertake research in any subject (including State Medicine) relating to the causation, prevention or treatment of disease.

Each Scholarship is tenable for one year, commencing on October 1, 1952. A Scholar may be re-appointed for not more than two additional terms. A Scholar is not necessarily required to devote the whole of his or her time to the work of research, but may be a member of H.M. Forces or may hold a junior appointment at a university, medical school or hospital, providing the duties of such appointment will not, in the opinion of the Science Committee, interfere with his or her work as a Scholar.

Applications for Scholarships must be made not later than March 31, 1952, on the prescribed form, a copy of which may be obtained from the Secretary.

Applicants are required to furnish the names of three referees who are competent to speak as to their capacity for the research contemplated.

A. MACRAE,
Secretary.
