

Wednesday 13th September

Cochrane Lecture (Rupert Beckett Lecture Theatre)

14.00–15.00
Cochrane on communism; influence of ideology on search for evidence
M. McKee

Tea and Coffee (Parkinson Court)

15.00–15.30

Plenary Session I

15.30–15.55

Aspirin and folate for the prevention of recurrent colorectal adenomas—results from a multicentre factorial trial

M. Grange *et al* (A1)

15.55–16.20

The effect of socioeconomic deprivation and other prognostic factors on the treatment of and survival from breast cancer

A. Downing *et al* (A1)

16.20–16.45

Breast cancer in the family: children's perspectives of their mother's cancer and its initial treatment—a qualitative study

S. Ziebland *et al* (A1)

Thursday 14th September

| Parallel Session A | Lifecourse I (Centenary Gallery 1) | Qualitative methods (Centenary Gallery 2) | Primary care (Room 108) | Child and adolescent health (Room B8) | Population health (Room B9) |
|--------------------|--|---|---|--|--|
| 09.00–09.20 | Birth weight and adult liver damage in British Women's Heart and Health Study A Fraser <i>et al</i> (A2) | Shared clinical decision making in rheumatology: what do the patients think? A A M Nicol <i>et al</i> (A3) | How adequate are overall measures of patient satisfaction? Evidence from patients experiencing new models of out-of-hours care A Burgess <i>et al</i> (A5) | Positive two year follow up findings from A Stop Smoking in Schools Trial (ASSIST), the large scale cluster randomised trial of a peer led, school based anti-smoking intervention R Campbell <i>et al</i> (A6) | The limiting long term illness and general health questions at the 2001 Census: an analysis of self-reported health in relation to mortality in the four years following the Northern Ireland Census M Rosato <i>et al</i> (A8) |
| 09.25–09.45 | The association of body mass index measured in childhood, adolescence, and young adulthood with coronary heart disease and stroke risk: findings from four historical cohort studies D A Lawlor <i>et al</i> (A2) | Using a lifeguard for qualitative interviewing in health J C Richardson <i>et al</i> (A3) | General practice performance in the first year of the UK's new "pay for performance" scheme: good clinical practice or gaming? T Doran <i>et al</i> (A5) | Identifying influential young people for health promotion peer education: the case study of A Stop Smoking in Schools Trial, England and Wales, 2001–2005 L Moore <i>et al</i> (A7) | Determinants of self-rated health and mortality in a Russian population sample F Perlman (A8) |
| 09.50–10.10 | The implications for life course research of attrition and bias: evidence from three cohorts in the West of Scotland Twenty-07 Study H Tunstall <i>et al</i> (A2) | Evaluation of diabetes screening pilots in primary care in England E Goyder <i>et al</i> (A4) | Primary care quality scores and their relation to hospital admissions G Rudge <i>et al</i> (A5) | Clarity, commitment and compatibility: teacher perspectives on the implementation of a school based health promotion programme S Audrey <i>et al</i> (A7) | Predicting coronary heart disease deaths in Beijing in 2010: potential effects of risk factor trends and population aging Z Zhechun <i>et al</i> (A8) |
| 10.15–10.35 | Does age at exposure influence the development of cardiovascular disease following the 1944–1945 Channel Islands' siege? R F Head <i>et al</i> (A2) | Decision making about mode of delivery in pregnant women who have previously had a caesarean section: a qualitative study J Bell <i>et al</i> (A4) | Impact of contractual financial incentives on the ascertainment and management of smoking in primary care T Coleman <i>et al</i> (A6) | Cerebral palsy and congenital anomalies have the same aetiopathogenesis P O D Pharoah (A7) | Death CAP? The mortality burden of the Common Agricultural Policy S Capewell <i>et al</i> (A9) |

| | | | | | |
|--------------------|---|---|---|---|--|
| 10.40–11.00 | The association between lung function, smoking, and mortality in the West of Scotland Twenty-07 Study: what does it contribute to our understanding of the social patterning of health over the life course? M Benzveval <i>et al</i> (A3) | An ethnographic approach to evaluation of user involvement in stroke service development N Fudge <i>et al</i> (A4) | Does distance matter? Geographical variation in the use of general practice out-of-hours services J Turnbull <i>et al</i> (A6) | Children's use of bicycle helmets: the effects of socioeconomic and attitudinal factors S Gibbs <i>et al</i> (A7) | Changes in the distribution of obesity in the UK adult population 1980 to 2003 D Boniface (A9) |
| 11.00–11.40 | Tea and Coffee and Poster Viewing (Parkinson Court) | Tea and Coffee and Poster Viewing (Parkinson Court) | Tea and Coffee and Poster Viewing (Parkinson Court) | Tea and Coffee and Poster Viewing (Parkinson Court) | Tea and Coffee and Poster Viewing (Parkinson Court) |
| Parallel Session B | Nutrition and health (Centenary Gallery 1) | Inequalities (Centenary Gallery 2) | Respiratory health (Room 108) | Methods I (Room B8) | Psychosocial health (Room B9) |
| 11.40–12.00 | Associations between breakfast consumption, fibre, and fruit and risk of oesophageal adenocarcinomas, Barrett's oesophagus, and reflux oesophagitis: results from the FINBAR case-control study L Sharp <i>et al</i> (A9) | Increasing inequalities in mortality in Scotland by area deprivation, 1981–2001 AH Leyland <i>et al</i> (A10) | Socioeconomic status, particulate air pollution, and mortality M Carder <i>et al</i> (A11) | Achieving a reasonable response rate from GPs on use of, and need for, referral guidelines N Le Maistre <i>et al</i> (A13) | Outcomes and service use of vulnerable Service leavers from the British Armed Forces L Van Staden <i>et al</i> (A14) |
| 12.05–12.25 | Healthier Snacks? It's amazing what raisins can do M Mwatsama <i>et al</i> (A9) | Does poverty always kill? Poor areas in Britain with relatively low mortality rates R Mitchell <i>et al</i> (A11) | Rapid early discharge in COPD: a prospective local evaluation with concurrent controls Y M Chang <i>et al</i> (A12) | Control of anaemia in haemodialysis patients K Harris <i>et al</i> (A13) | "Masculinity", "femininity", "androgyny", and mortality in late mid-life K Hunt <i>et al</i> (A14) |
| 12.30–12.50 | Does the School Fruit and Vegetable Scheme improve children's diet? A non-randomised controlled trial J K Ransley <i>et al</i> (A10) | Inequalities in decayed, missing and filled teeth in 5-year old children in Scotland, 1993–2003 K A Levin <i>et al</i> (A11) | Ethnic differences in childhood respiratory health: findings from the Millennium Cohort Study L Panico <i>et al</i> (A12) | Personal and family names: a proposal of their use by NHS Trusts for the targeting of resources and public health communications P Mateos <i>et al</i> (A13) | An investigation of the relation between health and perceptions of different components of environmental justice A Ellaway <i>et al</i> (A14) |
| 12.55–13.15 | Meat intake and cancer risk in the UK Women's Cohort E F Taylor <i>et al</i> (A10) | Using geodemographics to illustrate health inequalities D Dedman <i>et al</i> (A11) | Predictors of asthma in children in Ireland: a multivariate analysis of deprivation and social support N Fitz-Simon <i>et al</i> (A12) | The impact of internal migration on population health in Scotland D Brown <i>et al</i> (A13) | The relation between acculturation and obesity risk among Asians and Hispanics in California H Lee <i>et al</i> (A15) |
| 13.15–14.15 | Lunch (Refectory) | Lunch (Refectory) | Lunch (Refectory) | Lunch (Refectory) | Lunch (Refectory) |

| Friday 15th September | | | | | |
|------------------------------|--|--|--|--|---|
| Parallel Session C | Diabetes and cardiovascular diseases (Centenary Gallery 1) | Evaluation (Centenary Gallery 2) | Health services research (Room 108) | Methods II (Room B8) | Occupational health and military health (Room B9) |
| 09.00–09.20 | An 11 year follow up study of mortality and cause of death in 11 125 patients diagnosed with type 2 diabetes and a non-diabetic comparator group K N Barnett <i>et al</i> (A15) | The admission of older people to nursing and residential homes in Northern Ireland—a retrospective study of the variations and determinants E Pye <i>et al</i> (A16) | “Should I stay or should I go?” Making the decision about whether to go to hospital after a 999 call A M Porter <i>et al</i> (A18) | Measurement of neighbourhood social cohesion in Caerphilly County Borough: an econometric analysis D M Farewell <i>et al</i> (A19) | Work related infectious disease: a comparison of information collected by physicians reporting to The Health and Occupation Reporting network (THOR) with data from the Health Protection Agency (HPA) A Bolton <i>et al</i> (A21) |
| 09.25–09.45 | Differences in hypoglycaemia rates in type I and type II diabetes: implications for policymakers J Freeman <i>et al</i> (A15) | The Winchester Falls Project: a cluster randomised community intervention trial of secondary prevention of falls in community dwelling older people S George <i>et al</i> (A17) | Socioeconomic inequality in small area use of elective total hip replacement in the English NHS in 1991 and 2001 R Cookson <i>et al</i> (A18) | Evaluating the macro-economic impact of infectious disease M R Keogh-Brown <i>et al</i> (A19) | Trends in work related disease in the UK: 1996–2004 S Turner <i>et al</i> (A21) |
| 09.50–10.10 | Reperfusion in acute myocardial infarction: where and when administered and outcome in 40 000 patients R R West <i>et al</i> (A16) | Discrimination experienced by people living with HIV in London J Elford <i>et al</i> (A17) | Assaults with a sharp object resulting in hospital admission, England, 1997 to 2005 R Maxwell <i>et al</i> (A18) | What do missing data tell us? Use of multiple imputation to reduce selection bias in modelling the association of thrombotic markers with incident coronary heart disease: British Women’s Heart and Health prospective cohort study M May <i>et al</i> (A20) | Occupational exposure to pesticides and solvents and risk of brain tumours in adults S J Hepworth <i>et al</i> (A21) |
| 10.15–10.35 | Profiling UK hospital mortality rates for acute coronary syndrome patients using the Myocardial Infarction National Audit Project Database S O M Manda <i>et al</i> (A16) | Development and validation of self completion measures of attitudes towards eating breakfast and breakfast eating behaviours in 9–11 year old schoolchildren G Moore <i>et al</i> (A17) | Does it matter who takes your call? The effect of attitude to risk on telephone triage decisions A O’Cathain <i>et al</i> (A19) | Administrative areas: an appropriate tool for neighbourhood research? M J Kelly <i>et al</i> (A20) | The health of UK military personnel who deployed to the 2003 Iraq War L Hull <i>et al</i> (A21) |
| 10.40–11.00 | Regional variation in the prevalence of diabetes mellitus: associations with calorie supply and the prevalence of low birthweight G T H Ellison (A16) | Relation of height, weight, and body mass index to the risk of primary hip and knee replacements B Liu <i>et al</i> (A18) | Has NHS Direct Wales eased pressure on other immediate care services? W Y Cheung <i>et al</i> (A19) | Who got missed out in a longitudinal study based on the census? D O’Reilly <i>et al</i> (A20) | The impact of deployment on women’s psychological health in the British Armed Forces R J Rona <i>et al</i> (A22) |
| 11.00–11.40 | Tea and coffee and Poster Viewing (Parkinson Court) | Tea and coffee and Poster Viewing (Parkinson Court) | Tea and coffee and Poster Viewing (Parkinson Court) | Tea and coffee and Poster Viewing (Parkinson Court) | Tea and coffee and Poster Viewing (Parkinson Court) |
| Parallel Session D | Lifecourse II (Centenary Gallery 1) | Mental health (Centenary Gallery 2) | Cancer (Room 108) | Lifestyle and health Behaviour (Room B8) | Maternal and child health (Room B9) |
| 11.40–12.00 | Sodium intake in infancy and blood pressure at age 7 M Brion <i>et al</i> (A22) | Benchmarking mental health service in London P De Ponte <i>et al</i> (A23) | Trends in cancer incidence and mortality in the UK 1993–2002 L Fairley <i>et al</i> (A24) | Typologies of alcohol consumption in adolescence: predictors and adult outcomes N Cable <i>et al</i> (A26) | Ectopic pregnancy: Analysis of trends and reproductive outcomes in a population from 1950 to 1999 S Bhattacharya <i>et al</i> (A27) |

| | | | | | |
|---|--|---|--|---|---|
| 12.05–12.25 | Environmental tobacco smoke and breast cancer in the Million Women Study K Pirie <i>et al</i> (A22) | Measuring the multidimensional neighbourhood using UK benefits data: a multilevel analysis of mental health status D L Fone <i>et al</i> (A24) | Factors predicting receipt of treatment and mortality for oesophagus and gastric cardia: a population-based study D P Cronin <i>et al</i> (A25) | Changes in smoking prevalence and consumption rates in the Republic of Ireland compared with bar worker study before and after the legislative ban on workplace smoking B A Greiner <i>et al</i> (A26) | The Ponder Years: Postnatal Depression, Economic Evaluation and Randomised Trial C J Morrell <i>et al</i> (A27) |
| 12.30–12.50 | Parent-child relationships and their impact on physical health among the children of the ALSPAC cohort A Wrayten <i>et al</i> (A23) | Assessment and aftercare of deliberate self harm patients presenting to A&E departments P Corcoran <i>et al</i> (A24) | Trends in prostate cancer and its management S McPhail <i>et al</i> (A25) | Was John Reid right? Smoking, class, and pleasure I Lang <i>et al</i> (A26) | Systematic review of the foetal effects of low-moderate and binge drinking in pregnancy J Henderson <i>et al</i> (A27) |
| 12.55–13.15 | Use of offspring body mass index as an instrumental variable suggests that the causal effect of increased BMI on mortality is underestimated in conventional observational studies G Davey Smith <i>et al</i> (A23) | Psychological distress in patients with diabetes I J Perry <i>et al</i> (A24) | Population based trends in PSA testing and prostate cancer presentation A Black <i>et al</i> (A25) | Women who report sex with women in Britain: national probability data on prevalence, sexual behaviours and health outcomes J V Bailey <i>et al</i> (A26) | Ethnic differences in breast feeding initiation and continuation in the UK: findings from the Millennium Cohort Study Y J Kelly <i>et al</i> (A28) |
| 13.15–14.15 | Lunch (Refectory) | Lunch (Refectory) | Lunch (Refectory) | Lunch (Refectory) | Lunch (Refectory) |
| Rupert Beckett Lecture Theatre | | | | | |
| Plenary Session II | | | | | |
| 14.15–14.40 | Changing poor rates of attendance in psychiatric out-patient clinics: the Leeds PROMPTS trial J Kitcheman <i>et al</i> (A28) | | | | |
| 14.40–15.05 | Italy: the largest European country to ban smoking in all enclosed places: a first year evaluation D Galeone <i>et al</i> (A28) | | | | |
| 15.05–15.30 | A randomised controlled trial of home-based medication review and lifestyle advice by community pharmacists for patients with heart failure R Holland <i>et al</i> (A28) | | | | |
| The rooms allocated for parallel sessions are provisional and may be subject to change Abstract page numbers are shown in brackets | | | | | |
