

## Contents

### Editorial

- 739** Are we selling our souls? Novel aspects of the presence in academic conferences of brands linked to ill health  
*S W Flint*

### Commentaries

- 741** Differences in the carcinogenic evaluation of glyphosate between the International Agency for Research on Cancer (IARC) and the European Food Safety Authority (EFSA)  
*C J Portier, B K Armstrong, B C Baguley, et al. Please see commentary for full author list.*
- 746** Visual impairment and the risk of mortality: addressing complex associations  
*A Bruce*

### Health at older ages

- 748** School education, physical performance in late midlife and allostatic load: a retrospective cohort study  
*Å M Hansen, L L Andersen, C F M de Leon, H Bruunsgaard, R Lund*
- 755** Marked socioeconomic inequalities in hip fracture incidence rates during the Bone and Joint Decade (2000–2010) in Portugal: age and sex temporal trends in a population based study  
*C M Oliveira, S M Alves, M F Pina*
- 764** Is regular drinking in later life an indicator of good health? Evidence from the English Longitudinal Study of Ageing  
*C Holdsworth, M Mendonça, H Pikhart, M Frisher, C de Oliveira, N Shelton*

- 771** The determinants of transitions into sheltered accommodation in later life in England and Wales  
*A Vlachantoni, O Maslovsckaya, M Evandrou, J Falkingham*
- 778** Usual alcohol consumption and suicide mortality among the Korean elderly in rural communities: Kangwha Cohort Study  
*S-W Yi, M Jung, H Kimm, J-W Sull, E Lee, K O Lee, H Ohrr*

### Health of orphans

- 784** Stunting risk of orphans by caregiver and living arrangement in low-income and middle-income countries  
*J E Finlay, G Fink, D C McCoy, L C Tavárez, J Chai, G Danaei, M Ezzati, W Fawzi, M C S Fawzi*

## August 2016 Volume 70 Issue 8

- 791** Are adolescent orphans more likely to be HIV-positive? A pooled data analyses across 19 countries in sub-Saharan Africa  
*R Kidman, P Anglewicz*

### Cardiovascular diseases

- 798** Independent at heart: persistent association of altitude with ischaemic heart disease mortality after consideration of climate, topography and built environment  
*D Faeh, A Moser, R Panczak, M Bopp, M Rössli, A Spoerri, for the Swiss National Cohort Study Group*
- 807** Challenges in reproducing results from publicly available data: an example of sexual orientation and cardiovascular disease risk  
*N Austin, S Harper, J S Kaufman, G B Hamra*

### Other topics

- 813** Reaction time and onset of psychological distress: the UK Health and Lifestyle Survey  
*C R Gale, A Harris, I J Deary*
- 818** The impact of SASA!, a community mobilisation intervention, on women's experiences of intimate partner violence: secondary findings from a cluster randomised trial in Kampala, Uganda  
*T Abramsky, K M Devries, L Michau, J Nakuti, T Musuya, N Kyegombe, C Watts*
- 826** Visualising variation in mortality rates across the life course and by sex, USA and comparator states, 1933–2010  
*L Vanderbloemen, D Dorling, J Minton*

### Short report

- 832** Population-level trends in the distribution of body mass index in England, 1992–2013  
*M A Green, S V Subramanian, F Razak*

### Review

- 836** The association between visual impairment and the risk of mortality: a meta-analysis of prospective studies  
*T Zhang, W Jiang, X Song, D Zhang*
