Correction: North-South disparities in English mortality 1965–2015: longitudinal population study

There is a mistake in the calculation of the estimate of aggregate deaths. On page 929, at the end of the ‘premature mortality time trends’ section, the estimate:

‘1173360 (95% CI: 1112724 to 1234280)’

should read:

‘986434 (95% CI: 943234 to 1029121)’.
